Motorcycle Tourguide and Scouting

Intro

Klaus Nennowitz has been working as a tourguide for the motorcycle tour operators Trail-Rando from France (<https://www.trail-rando.fr/>) and Sudest Raid from Italy (<https://www.sudestraid.com/tour/>) leading groups up to 13 people through France, Spain and Italy, further experiences include Morocco and Romania. Besides, he has been organizing and running a press launch for a mayor Japanese motorcycle company in Spain.

Thanks to his excellent sense of orientation and intuition combined with endurance, mechanical crafts and outstanding communication skills (fluent in 5 languages) he can lead a group of motorcycle riders safely even through unknown terrain.

His Adventuring-spirit, the curiosity and the skills mentioned above allow him to track new circuits in new destinations for interesting travel reports or new destinations for tour operators.

Professional behaviour, respectability and confidentiality make up for challenging projects with new products like press launches or media events.

Service

- Professional tourguide for international groups even on unknown terrain
- Organisation, support and execution of motorcycle-related public- and press- events
- International scouting of new circuits for tours and press launches

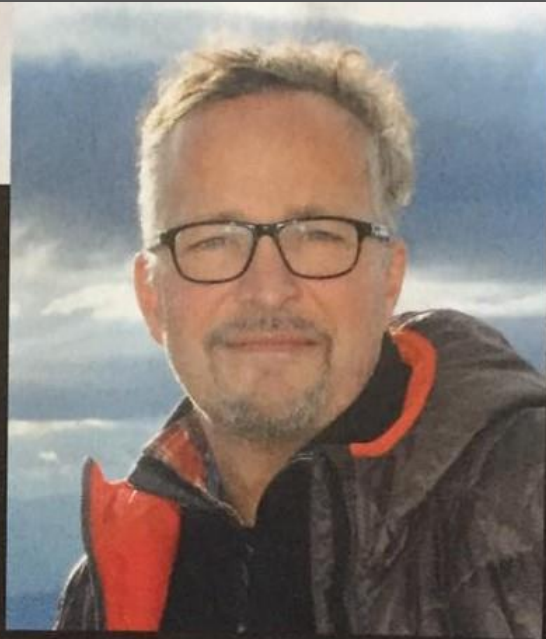

Please contact me for more details.

They said about me:

From Touratech magazine 2016:

THE EXPERT

Klaus Nennowitz is an all-round talent in the motorcycling world. During the 25 years he has notched up as a development engineer in the international motorcycle industry, he has gained extensive experience in all facets of vehicle development at ATK Motorcycles, Malaguti, Aprilia, Piaggio, Derbi and Ricardo Engineering. He has been fascinated by sports motorcycles since the age of twelve, above all by off-road rallies such as the Dresden-Breslau event (which he once entered on his own purpose-built machine). He has also worked as a driving safety instructor, freelance journalist and tour guide on the side. At the beginning of 2016, he opened his own engineering consultancy for the motorcycling industry. He puts his multilingual talents, globetrotting experience and worldwide network on the scene to good use in his working relations with tour operators Sudestraid (Italy) and TrailRando (France).
